PROFESSIONAL TILE LEVELLING SYSTEM

Beorol leveling system is used to help tilers when laying tiles. Using this method is guaranteed simple, fast and accurate assembly. Custom for fugues of 1-2mm and tiles thickness of 4-13mm. Average consumption clamp up can be seen in special table, while the wedges can be used multiple times. Pliers are made of high quality plastic around steel base, which makes them extremely durable and long lasting, with ergonomic and visually appealing design.
